## From The President

**Hello Everyone,**

Our next meeting will be held at Lakeside center.

With the Toledo show now over, looks like it's time to REALLY get into flying.

How many of you made the trip? Get anything new and exciting?

Our next meeting should be pretty short as we really have nothing pressing to go over other than the fly in. We are going to need everyone's help again this year. If you haven't helped before, I think its time for you to step up and do your part as a club member. We are needing help in all the normal areas.. Parking..Inpound..Food..Registration and so on.

We don't have as many members as we once did so we must make this show the best we can. DO YOUR PART!!!

Don't forget that your membership dues should have been paid, if they aren't you will have to pay a \$5.00 late fee.

See you at the meeting.

*Ron*

## From Your Editor

**Hi Fellow Eagles,**

April showers.... With the spate of warm weather we have been having, I actually got in a flight or two courtesy of Justin who has more ambition to get his planes out than I did. Flying season is defiantly upon us. Time to check those batteries and servo gears, and make sure all of the connectors are still secure and clean. Remember, tis better to replace a battery, than to replace a plane grasshopper.

The next meeting will be a time to start planning the fly-in. I talked to many people in Toledo and many of our guests have indicated they will show up this year despite the rumors they had heard about the field. Mark Radcliff definitely said he'd be there, God willing and the river don't rise.

We will need help with running the show. Since our membership is down, this again falls upon the old cadre which forms the backbone of the club. We need to get some younger members who are willing to put forth some effort to help at club work parties and events.

Toledo was a great show as usual with some really great static aircraft and a lot more aerobatic airplanes than last year. I saw a lot I wanted and little I could afford.

Come out to the meeting and let's get started on another great season.
