President's Report

Hello Everyone,

Our next meeting is Feb, 15th at Lakeside hall. I would like to thank Kenny Baker for stepping in for me at the last meeting, as most know I had a tooth pulled and couldn't talk very well, and for most it was a relief. We went over a few things that were left unfinished, so I hope to see a large turn out for our next meeting.

Don't forget!!! It's time to pay your club dues for this year, and you have until the March meeting to do so. Please bring your new AMA card if you are paying at the meeting, or send a copy of it if paying by mail. We have new membership cards now instead of stickers, so please use your club card when flying. It is easier for others to see in the impound area.

I hope everyone is building some new planes for this year. It will be nice to get back to 70+ degrees and having fun again at the field.

Get -r- Done (the plane that is)

Ron

Editor's Notes

Hi All,

It's kind of hard to tell from the weather but It's February and winter still rears it's ugly head once in a while. Some of you guys are getting in some flying time during the warm spells and I envy you.

Something was brought up at a recent discussion at Aerotech and it seemed like a good idea. It would be helpful if the Presidents and/or executive officers of the various clubs in the region could get together in October or November of each year and set non-conflicting dates for their events. Last year the conflict between the Tusco clubs fly in at Beach City Airport and North Canton's Four Stroke rally made it impossible to attend both events. This lead to some hard feelings which could have been avoided if everyone had coordinated ahead of time.

Next time you see Ron Shonk, congratulate him as he has been named District III Director of the IMAA.

Remember the Toledo show is coming up on April 7,8,& 9th, make your reservations now.
