Where Eagles Soar!

Volume 16, Issue 2
February, 2011

From The President

I attended the North Canton Hawk's swap shop recently and came away with some interesting observations. Turnout was low. I'm sure the economy has a lot to do with this. I also think interest in traditional modeling is waning. I don't want to take a doom and gloom attitude. Instead I want to reinforce how important, for the continued success of our club, it is to take every opportunity to promote our wonderful sport and our club.

With this in mind the fly in date has been set for July 10th. I'm confident the membership will step up and the things that need to be done will be done. What I am asking is some new ideas on promoting our event. The landfill has committed to help, but what else can we do to create awareness and excitement? Also the New Philadelphia Mall show is set for March 4,5,&6th. This is another great opportunity to show our sport to the general public. let's make sure we support this event.

The rough weather should be giving every one time to create new modeling masterpieces, Lets hear about them! Even if the hobby is facing challenges, the R/C Eagles can still flourish with every ones help. I'm excited about the opportunities ahead.

See You at the Meeting!!!!

Scott

From Your Editor

Hi Fellow Eagles,

I had intended to get the newsletter out early this month to make up for the late newsletter last month, but the ice storm rendered me without power from Tuesday night through Friday afternoon so here I am again, fighting the deadline.

The mall show at New Towne Mall in New Philly is coming up on March 4th, 5th and 6th and we would like to see a lot of club planes on display. Also, we will need club members to volunteer to man the club booth for an hour or so to ease the load on Jim and the crew that normally man the booth. Be at this months meeting to sign up for a tour of duty at the show. Set up will be on March 3rd in the afternoon.

Dues have been slowly trickling in this year and should have been paid by now. After next months newsletter, if you haven't paid your dues, you won't get a newsletter.

By the way, it is costing almost \$6.00 a year to mail out newsletters to each member for whom I don't have an email address. If you have email and are getting your newsletter by regular mail. Send me a note with your email address so I can add you to the email distribution list. I also forward FAA temporary flight restrictions and other emergency news via email so there is a big advantage to being on the email list.

Let have a safe, fun year!!

Kraig
