Where Eagles Soar!

Volume 16, Issue 7
July, 2011

From The President

Greetings fellow Eagles,

First, on behalf of the Club and myself I would like to thank Art Jansen and Bill Snyder for the recent work on our field. The field was rolled out with a very large roller, and is smoother than I ever remember. You can really tell the difference.

But wait, there's more. Bill and Art also graded the parking lot, filling in ruts and leveling the drive and parking area. It looks great. Thanks again Art and Bill.

There was quite a bit of flying on Sunday the 26th. Art and Bill flew the big Week's Special and what a demo! It flew great, and was a real treat to watch. Justin Gesquiere flew his new Carden Extra. Also flew well and really has a distinctive color scheme. I wish more members could have been at the field to see the excitement.

Speaking of showing up, we will need every member to do their duty and help at our fly-in. July 10th will be here shortly. Please, please do your part to keep our club successful, and our dues the lowest in Stark County. We are fortunate to have a great location to fly, lets take advantage of it.

I'll see everyone at the fly-in Sunday the 10th!

Scott

From Your Editor

Hi Fellow Eagles,

This newsletter should reach you by the 1st of July. I am sending it out early as a reminder that the club needs as many of the members to attend and work the fly-in as we can get. If every member put in two hours, the entire event would be covered. Come on out, enjoy the day and help the club.

The Alliance Balsa Bees will be holding their annual Big Plane Fly-In on Saturday July 16th. That show is always an enjoyable day.

On the subject of the Fly-in remember we need all raffle tickets turned in on the day of the meet. If you haven't sold all of yours yet, get them sold, buy them for yourself, or turn them back in so others can sell them.

I was down at the field on Sunday the 26th and it almost looked like the old RC Eagles again. There were quite a few flyers and a few spectators in attendance.

The transportation security people have developed the ultimate security program which guarantees absolute security against terrorism on aircraft. Only the pilots are allowed on board the aircraft! All others are bused to the next airport.

Keep em Flying!!

Club Meeting

July 20th,

At the Field

6:30 PM

Eagles Market

Some of you may remember a fellow flyer by the name of Dave Cracknell. He was a member of the Alliance Balsa Bees club. Dave passed away a few months ago, and I have the duty of selling some of his modeling tools, motors, and planes for his wife. The planes are not in great shape, but all have motors and a couple with OLD radio systems in them. There are a couple bipes and a few mono wing planes that need a good cleaning and some T.L.C. There are also 2 - O S 120 engines and a few 40 size that all seem to be in good shape. I have a Dremel table top belt and disc sander, a table top table saw, and a 10 speed drill press. There is a box of Monokote some open, some new, and a ton of misc. hardware. If you are interested in looking let me know. Call or Email Ron Shonk

Jon Elsasser has a Drifter II 2 meter sailplane that he would like to pay to have built. Anyone interested in building the kit, please contact Jon at:

jon_elsasser@msn.com or
at 330-323-1529

Fly-In work Positions

- Food Preparation and sales
- Parking
- Impound / Registration
- 50/50 ticket sales
- PA announcing
- Aircraft retrieval

There will be a work party on Saturday July 9th, at 9:00AM to raise the tent, put up the fence, install signs, move picnic tables, install banners, and the other things necessary to setup the field. We will also have a pre-work party breakfast at Gulliver's starting at 8:00AM.
